**1.11 Proposal Organization and Format**

Proposals shall be organized to comply with the section numbers and names as shown in Section 4.0: Proposal Preparation Requirements.

**1.12 Designation of Confidential and Proprietary Information**

All restrictions on the use of data contained within a proposal and all confidential information must be clearly stated on the Vendor Information Attachment under the "Designation of Confidential and Proprietary Information" section.

Proprietary information submitted in a proposal, or in response to the RFP, will be handled in accordance with the applicable Wisconsin State Statute(s).

Submitted pricing will always become public information when proposals are opened and therefore cannot be designated as confidential.

Other information cannot be kept confidential unless it is a trade secret. Trade secret is defined in Sect. 134(80)(1)(c) Wis. State Statutes, as follows: "Trade secret" means information, including a formula, pattern, compilation, program, device, method technique or process to which all of the following apply:

1. The information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use.
2. The information is the subject of efforts to maintain its secrecy that are reasonable under the circumstances.

To the extent permitted by law, it is the intention of Dane County to withhold the contents of the proposal from public view until such times as competitive or bargaining reasons no longer require non-disclosure, in the opinion of Dane County. **In the event the Designation of Confidentiality of this information is challenged, is required to provide legal counsel or other necessary assistance to defend the Designation of Confidentiality.**

Failure to designate confidential and proprietary information within the Designation of Confidential and Proprietary Information section of the Vendor Information Attachment may mean that all information provided as part of the proposal response will be open to examination or copying. The County considers other markings of confidential in the proposal document to be insufficient. The undersigned agrees to hold the County harmless for any damages arising out of the release of any material unless they are specifically identified within the Designation of Confidential and Proprietary Information section of the Vendor Information Attachment.

**1.13 Cooperative Purchasing**

Participating in cooperative purchasing gives a vendor the opportunity for additional sales without additional bidding. Municipalities use the service to expedite purchases. A “municipality” is defined as any county, city, village, town, school district, board of school directors, sewer district, drainage district, vocational, technical and adult education district, or any other public body having authority to award public contracts (s. 16.70(8), Wis. Stats.). Federally recognized Indian tribes and bands in this state may participate in cooperative purchasing with the state or any municipality under ss. 66.0301(1) and (20), Wis. Stats.

On the Vendor Information page, you will have the opportunity to participate in allowing other municipalities to piggyback this bid. Participation is not mandatory. A vendor’s decision on participating in this service has no effect on awarding the bid.

Dane County is not a party to these purchases or any dispute arising from these purchases and is not liable for delivery or payment of any of these purchases.

**1.14 Vendor Registration Program:**

All proposers are strongly encouraged to be a registered vendor with Dane County. Registering allows a vendor the opportunity to receive notifications for solicitations issued by the County and provides the County with up-to-date company contact information.

Provide your Dane County Vendor # in the Vendor Information section of the proposal submission packet.

**For Non-Registered Vendors:**

Complete vendor registration by visiting [www.danepurchasing.com](http://www.danepurchasing.com). On the top menu bar, click Vendor Registration and then click Create Vendor Account. You will receive an email confirmation once your account is created and again when your vendor registration is complete. Retain your user name/email address and password for ease of re-registration in future years. Within 2-4 days of completing the registration, a vendor number will be assigned and emailed to you.

**For Registered Vendors:**

Check to make sure your vendor information including commodity codes is up-to-date by signing into your account at [www.danepurchasing.com](http://www.danepurchasing.com). On the top menu bar, click Vendor Registration and then click Vendor Log In.

**1.15 Local Purchasing Ordinance**

Under County ordinances, a Local Vendor is defined as a supplier or provider of equipment, materials, supplies or services that has an established place of business within the County of Dane. An established place of business means a physical office, plant or other facility. A post office box address does not qualify a vendor as a Local Vendor.

County ordinance provides that a local vendor automatically receive five points toward the evaluation score.

Vendors located within the counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, Sauk) automatically receive two points toward the evaluation score.

**1.16 Dane County Sustainability Principles**

On October 18, 2012, the Dane County Board of Supervisors adopted Resolution 103, 2012-2013 establishing the following sustainability principles for the county:

- Reduce and eventually eliminate Dane County government's contribution to fossil fuel dependence and to wasteful use of scarce metals and minerals;
- Reduce and eventually eliminate Dane County government's contribution to dependence upon persistent chemicals and wasteful use of synthetic substances;
- Reduce and eventually eliminate Dane County government's contribution to encroachment upon nature and harm to life-sustaining ecosystems (e.g., land, water, wildlife, forest, soil, ecosystems);
- Reduce and eventually eliminate Dane County government's contribution to conditions that undermine people's ability to meet their basic human needs.

**1.17 Fair Labor Practice Certification**

**Dane County Ord. 25.09 (1) is as follows:**

**(28) BIDDER RESPONSIBILITY. (a)** Any bid, application or proposal for any contract with the county, including public works contracts regulated under chapter 40, shall include a certification indicating whether the bidder has been found by the National Labor Relations Board (NLRB) or the Wisconsin Employment Relations Committee (WERC) to have violated any statute or regulation regarding labor standards or relations within the last seven years. The purchasing manager shall investigate any such finding and make a recommendation to the committee, which shall determine whether the conduct resulting in the finding affects the bidder's responsibility to perform the contract.

If you indicated that you have been found by the NLRB or WERC to have such a violation, you must include a copy of any relevant information regarding such violation with your proposal, bid or application.

Additional information can be found using the following links: [www.nlrb.gov](http://www.nlrb.gov) and <http://werc.wi.gov>.

## SECTION 2 – PROPOSAL SELECTION AND AWARD PROCESS

### 2.0 PROPOSAL SELECTION AND AWARD PROCESS

#### 2.1 Preliminary Evaluation

The proposals will first be reviewed to determine if requirements in Section 1 and Section 4 are met. Failure to meet mandatory requirements will result in the proposal being rejected. In the event that all vendors do not meet one or more of the mandatory requirements, the County reserves the right to continue the evaluation of the proposals and to select the proposal which most closely meets the requirements specified in this RFP.

#### 2.2 Proposal Scoring

Accepted proposals will be reviewed by an evaluation team and scored against the stated criteria in Section 3. This scoring will determine the ranking of vendors based upon their written proposals. If the team determines that it is in the best interest of the County to require oral presentations, the highest-ranking vendors will be invited to make such presentations. Those vendors that participate in the interview process will then be scored, and the final ranking will be made based upon those scores.

#### 2.3 Oral Presentations/Interview

Top ranked selected proposers may be required to make oral interview presentations and/or site visits to supplement their proposals, if requested by the County. The County will make every reasonable attempt to schedule each presentation at a time and location that is agreeable to the proposer. Failure of a proposer to conduct a presentation to the County on the date scheduled may result in rejection of the vendor's proposal.

#### 2.4 Evaluation Criteria

The proposals will be scored using the following criteria:

<b>Proposal Requirements</b>	<b>Section</b>	<b>Percent</b>
Team Management	3.4	10%
Qualifications and References	3.5	10%

#### 2.5 Right to Reject Proposals and Negotiate Contract Terms

The County reserves the right to reject any and all proposals and to negotiate the terms of the contract, including the award amount, with the selected proposer prior to entering into a contract. If contract negotiations cannot be concluded successfully with the

## SECTION 2 – PROPOSAL SELECTION AND AWARD PROCESS

highest scoring proposer, the County may negotiate a contract with the next highest scoring proposer.

### **2.6 Award and Final Offers**

The award will be granted in one of two ways. The award may be granted to the highest scoring responsive and responsible proposer. Alternatively, the highest scoring proposer or proposers may be requested to submit final and best offers. If final and best offers are requested, they will be evaluated against the stated criteria, scored and ranked. The award will then be granted to the highest scoring proposer.

#### 3.2 Background

The Yahara River Chain of Lakes is located within Dane County, Wisconsin. Recent rainfall has caused significant flooding in the Yahara Lakes. To reduce the impacts of flooding, approximately 11.5 miles of the Yahara River is planned to be dredged to remove accumulated sediment and improve flow. A preliminary plan has been determined to conduct this work over the next several years by breaking up the work into five phases as shown in **Attachment B – Yahara River Dredging Phases**.

The general characteristics of the Yahara River are a flat gradient system. Under normal water conditions, the water depth in the thalweg of the river ranges from 3 to 5 feet deep. The dredging is intended to create a vertical 2-3 foot cut in sediments that would result in a water depth of approximately 5 feet. Also the dredging will create a horizontal cut of approximately 50 feet within the Yahara River that has a width ranging from approximately 90 to 120 feet. The sediment characteristics of the Yahara River can mostly be described as sandy. The soil testing results and a map of the locations can be found in **Attachment C – Sediment Soil Textures**.

Dane County Land & Water Resources Department desires to contract with a manufacturer to design and build a hydraulic dredge and booster pumps to accommodate efficient dredging of the Yahara River.

#### 3.3 Introduction

The proposed hydraulic dredge shall be designed for sediment removal up to a 10' depth. The maximum distance from sediment removal in the river to a dewatering basin is approximately 3 miles. It is anticipated that the design would include two booster pumps and a hydraulic dredge using a flexible 10" pipeline. However, the specifics of the needs for a dredge and booster pumps shall be proposed based on our specific needs for the Yahara River included water depth (draft), width of river for maneuverability, access under bridges (approximate height to not exceed 10 feet), and any other factors as deemed necessary.

The proposer is encouraged to take a site visit to the Yahara River to help inform the type of dredge being proposed and investigate river geometries, bridge heights, boat landing locations, sediment characteristics, and other factors the proposer deems necessary.

The design and construction shall comply with the following References, ABS "Rules for Building and Classing Steel Vessels for Service on Rivers and Intracoastal Waterways", IEEE & NEC "National Electrical Codes", and ANSI "Steel Construction Manual".

Request for Bids/Proposals/Contracts

Rev. 11/2019

1.0 **APPLICABILITY:** The terms and conditions set forth in this document apply to Requests for Proposals (RFP), Bids and all other transactions whereby the County of Dane acquires goods or services, or both.

1.1 **ENTIRE AGREEMENT:** These Standard Terms and Conditions shall apply to any contract, including any purchase order, awarded as a result of this request. Special requirements of a resulting contract may also apply. Said written contract with referenced parts and attachments shall constitute the entire agreement, and no other terms and conditions in any document, acceptance, or acknowledgment shall be effective or binding unless expressly agreed to in writing by the County. Unless otherwise stated in the agreement, these standard terms conditions supersede any other terms and/or conditions applicable to this agreement.

1.2 **DEFINITIONS:** As used herein, “vendor” includes a provider of goods or services, or both, who is responding to an RFP or a bid, and “bid” includes a response to either an RFP or a bid.

2.0 **SPECIFICATIONS:** The specifications herein are the minimum acceptable. When specific manufacturer and model numbers are used, they are to establish a design, type of construction, quality, functional capability or performance level, or any combination thereof, desired. When alternates are proposed, they must be identified by manufacturer, stock number, and such other information necessary to establish equivalency. Dane County shall be the sole judge of equivalency. Vendors are cautioned to avoid proposing alternates to the specifications that may result in rejection of their bid.

3.0 **DEVIATIONS AND EXCEPTIONS:** Deviations and exceptions from terms, conditions, or specifications shall be described fully in writing, signed, and attached to the bid. In the absence of such statement, the bid shall be accepted as in strict compliance with all terms, conditions, and specifications and vendor shall be held liable for injury resulting from any deviation.

4.0 **QUALITY:** Unless otherwise indicated in the request, all material shall be first quality. No pre-owned, obsolete, discontinued or defective materials may be used.

5.0 **QUANTITIES:** The quantities shown herein are based on estimated needs. The County reserves the right to increase or decrease quantities to meet actual needs.

6.0 **DELIVERY:** Deliveries shall be FOB destination freight prepaid and included unless otherwise specified. County will reject shipments sent C.O.D. or freight collect.

7.0 **PRICING:** Unit prices shown on the bid shall be the price per unit of sale as stated on the request or contract. For any given item, the quantity multiplied by the unit price shall establish the extended price, the unit price shall govern in the bid evaluation and contract administration.

7.1 Prices established in continuing agreements and term contracts may be lowered due to market conditions, but prices shall not be subject to increase for the term specified in the award. Vendor shall submit proposed increases to the Purchasing Division thirty (30) calendar days before the proposed effective date of the price increase. Proposed increases shall be limited to fully documented cost increases to the vendor that are demonstrated to be industry wide. Price increases may not be granted unless they are expressed in bid documents and contracts or agreements.

7.2 Submission of a bid constitutes bidder’s certification that no financial or personal relationship exists between the bidder and any county official or employee except as specially set forth in writing attached to and made a part of the bid. The successful bidder shall disclose any such relationship which develops during the term of the contract.

8.0 **ACCEPTANCE-REJECTION:** Dane County reserves the right to accept or reject any or all bids, to waive any technicality in any bid submitted and to accept any part of a bid as deemed to be in the best interests of the County. Submission of a proposal or a bid constitutes the making of an offer to contract and gives the County an option valid for 60 days after the date of submission to the County.

8.1 Bids **MUST** be received in the electronic mailbox of the Dane County Purchasing Division on or before the date and time that the bid is specified as being due.

9.0 **METHOD OF AWARD:** Award shall be made to the lowest responsible responsive bidder conforming to specifications, terms, and conditions, or to the most advantageous bid submitted to the County on a quality versus price basis.

10.0 **ORDERING/ACCEPTANCE:** Written notice of award to a vendor in the form of a purchase order or other document, mailed or delivered to the address shown on the bid will be considered sufficient notice of acceptance of bid. A formal contract containing all provisions of the contract signed by both parties shall be used when required by the Dane County Purchasing Division.

11.0 **PAYMENT TERMS AND INVOICING:** Unless otherwise agreed, Dane County will pay properly submitted vendor invoices within thirty (30) days of receipt of goods and services.
