**1.9 Bid Opening and Summary Posting**

Dane County Purchasing strives to complete a summary and post online the same day as the opening. The only information provided at an opening of an RFP is the name of each vendor submitting a proposal.

Due to COVID restrictions, there will be no bid opening open to the public.

**1.10 Multiple Proposals**

Multiple proposals from a vendor will be permissible, however each proposal must conform fully to the requirements for proposal submission. Each such proposal must be clearly labeled as Proposal #1, Proposal #2, etc.

**1.11 Proposal Organization and Format**

Proposals shall be organized to comply with the section numbers and names as shown in Section 4.0: Proposal Preparation Requirements.

**1.12 Designation of Confidential and Proprietary Information**

All restrictions on the use of data contained within a proposal and all confidential information must be clearly stated on the Vendor Information Attachment under the “Designation of Confidential and Proprietary Information” section.

Proprietary information submitted in a proposal, or in response to the RFP, will be handled in accordance with the applicable Wisconsin State Statute(s).

Submitted pricing will always become public information when proposals are opened and therefore cannot be designated as confidential.

Other information cannot be kept confidential unless it is a trade secret. Trade secret is defined in Sect. 134(80)(1)(c) Wis. State Statutes, as follows: "Trade secret" means information, including a formula, pattern, compilation, program, device, method technique or process to which all of the following apply:

1. The information derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use.
2. The information is the subject of efforts to maintain its secrecy that are reasonable under the circumstances.

To the extent permitted by law, it is the intention of Dane County to withhold the contents of the proposal from public view until such times as competitive or bargaining reasons no longer require non-disclosure, in the opinion of Dane County. At that time, all proposals will be available for review in accordance with the Wisconsin Open Records Law.

**In the event the Designation of Confidentiality of this information is challenged, is required to provide legal counsel or other necessary assistance to defend the Designation of Confidentiality.**

Failure to designate confidential and proprietary information within the Designation of Confidential and Proprietary Information section of the Vendor Information Attachment may mean that all information provided as part of the proposal response will be open to examination or copying. The County considers other markings of confidential in the proposal document to be insufficient. The undersigned agrees to hold the County harmless for any damages arising out of the release of any material unless they are specifically identified within the Designation of Confidential and Proprietary Information section of the Vendor Information Attachment.

**1.13 Cooperative Purchasing**

Participating in cooperative purchasing gives a vendor the opportunity for additional sales without additional bidding. Municipalities use the service to expedite purchases. A “municipality” is defined as any county, city, village, town, school district, board of school directors, sewer district, drainage district, vocational, technical and adult education district, or any other public body having authority to award public contracts (s. 16.70(8), Wis. Stats.). Federally recognized Indian tribes and bands in this state may participate in cooperative purchasing with the state or any municipality under ss. 66.0301(1) and (20), Wis. Stats.

On the Vendor Information page, you will have the opportunity to participate in allowing other municipalities to piggyback this bid. Participation is not mandatory. A vendor’s decision on participating in this service has no effect on awarding the bid.

Dane County is not a party to these purchases or any dispute arising from these purchases and is not liable for delivery or payment of any of these purchases.

**1.14 Vendor Registration Program:**

All proposers are strongly encouraged to be a registered vendor with Dane County. Registering allows a vendor the opportunity to receive notifications for solicitations issued by the County and provides the County with up-to-date company contact information.

Provide your Dane County Vendor # in the Vendor Information section of the proposal submission packet.

**For Non-Registered Vendors:**

Complete vendor registration by visiting [www.danepurchasing.com](http://www.danepurchasing.com). On the top menu bar, click Vendor Registration and then click Create Vendor Account. You will receive an email confirmation once your account is created and again when your vendor registration is complete. Retain your user name/email address and password for ease of re-registration in future years. Within 2-4 days of completing the registration, a vendor number will be assigned and emailed to you.

**For Registered Vendors:**

Check to make sure your vendor information including commodity codes is up-to-date by signing into your account at [www.danepurchasing.com](http://www.danepurchasing.com). On the top menu bar, click Vendor Registration and then click Vendor Log In.

**1.15 Local Purchasing Ordinance**

Under County ordinances, a Local Vendor is defined as a supplier or provider of equipment, materials, supplies or services that has an established place of business within the County of Dane. An established place of business means a physical office, plant or other facility. A post office box address does not qualify a vendor as a Local Vendor.

County ordinance provides that a local vendor automatically receive five points toward the evaluation score.

Vendors located within the counties adjacent to Dane County (Columbia, Dodge, Green, Iowa, Jefferson, Rock, Sauk) automatically receive two points toward the evaluation score.

**1.16 Dane County Sustainability Principles**

On October 18, 2012, the Dane County Board of Supervisors adopted Resolution 103, 2012-2013 establishing the following sustainability principles for the county:

- Reduce and eventually eliminate Dane County government's contribution to fossil fuel dependence and to wasteful use of scarce metals and minerals;
- Reduce and eventually eliminate Dane County government's contribution to dependence upon persistent chemicals and wasteful use of synthetic substances;
- Reduce and eventually eliminate Dane County government's contribution to encroachment upon nature and harm to life-sustaining ecosystems (e.g., land, water, wildlife, forest, soil, ecosystems);
- Reduce and eventually eliminate Dane County government's contribution to conditions that undermine people's ability to meet their basic human needs.

**1.17 Fair Labor Practice Certification**

**Dane County Ord. 25.09 (1) is as follows:**

**(28) BIDDER RESPONSIBILITY. (a)** Any bid, application or proposal for any contract with the county, including public works contracts regulated under chapter 40, shall include a certification indicating whether the bidder has been found by the National Labor Relations Board (NLRB) or the Wisconsin Employment Relations Committee (WERC) to have violated any statute or regulation regarding labor standards or relations within the last seven years. The purchasing manager shall investigate any such finding and make a recommendation to the committee, which shall determine whether the conduct resulting in the finding affects the bidder's responsibility to perform the contract.

If you indicated that you have been found by the NLRB or WERC to have such a violation, you must include a copy of any relevant information regarding such violation with your proposal, bid or application.

Additional information can be found using the following links: [www.nlrb.gov](http://www.nlrb.gov) and <http://werc.wi.gov>.

## SECTION 2 – PROPOSAL SELECTION AND AWARD PROCESS

### 2.0 PROPOSAL SELECTION AND AWARD PROCESS

#### 2.1 Preliminary Evaluation

The proposals will first be reviewed to determine if requirements in Section 1 and Section 4 are met. Failure to meet mandatory requirements will result in the proposal being rejected. In the event that all vendors do not meet one or more of the mandatory requirements, the County reserves the right to continue the evaluation of the proposals and to select the proposal which most closely meets the requirements specified in this RFP.

#### 2.2 Proposal Scoring

Accepted proposals will be reviewed by an evaluation team and scored against the stated criteria in Section 2.4.. This scoring will determine the ranking of vendors based upon their written proposals. If the team determines that it is in the best interest of the County to require oral presentations, the highest-ranking vendors will be invited to make such presentations. Those vendors that participate in the interview process will then be scored, and the final ranking will be made based upon those scores.

#### 2.3 Oral Presentations/Interview

Top ranked selected proposers may be required to make oral interview presentations and/or site visits to supplement their proposals, if requested by the County. The County will make every reasonable attempt to schedule each presentation at a time and location that is agreeable to the proposer. Failure of a proposer to conduct a presentation to the County on the date scheduled may result in rejection of the vendor's proposal.

#### 2.4 Evaluation Criteria

The proposals will be scored using the following criteria:

<b>Proposal Requirements</b>	<b>Percent</b>
<b>Organizational Capabilities</b> (Section 4.3)	15%
<b>Staff Qualifications</b> (Section 4.4)	15%
<b>Work Plan &amp; Timeline</b> (Section 4.6.1)	20%
<b>Coordinate &amp; Data Acquisition Method Plan</b> (Section 4.6.2)	20%
<b>Cost</b>	<b>Percent</b>
<b>Cost</b> (Section 5 & Attachment C)	30%
<b>Total</b>	<b>100%</b>

#### 2.5 Right to Reject Proposals and Negotiate Contract Terms

The County reserves the right to reject any and all proposals and to negotiate the terms of the contract, including the award amount, with the selected proposer prior to entering

## SECTION 2 – PROPOSAL SELECTION AND AWARD PROCESS

into a contract. If contract negotiations cannot be concluded successfully with the highest scoring proposer, the County may negotiate a contract with the next highest scoring proposer.

### **2.6 Award and Final Offers**

The award will be granted in one of two ways. The award may be granted to the highest scoring responsive and responsible proposer. Alternatively, the highest scoring proposer or proposers may be requested to submit final and best offers. If final and best offers are requested, they will be evaluated against the stated criteria, scored and ranked. The award will then be granted to the highest scoring proposer.

### **2.7 Notification of Intent to Award**

As a courtesy, the County may send a notification of award memo to responding vendors at the time of the award.

3.0 PROJECT OVERVIEW AND SCOPE OF SERVICES

3.1 **Definitions and Links**

3.2 **Scope of Services/Specification Overview**

3.2.1 **Scope**

The scope of this project is for Land Surveying services necessary for the perpetuation or re-establishment of United States Public Land Survey System (USPLSS) monuments and Meander / Witness corners and establish or perpetuate centers of sections in the following townships:

**Township 07 North, Range 12 East (Town of Deerfield & Village of Deerfield), Sections 1 through 36.**

**Township 08 North, Range 12 East (Town of Medina & Village of Marshall), Sections 1 through 36.**

**Township 09 North, Range 12 East (Town of York), Sections 1 through 36.**

Any section corners relative to adjoining townships but within 200 feet of a corner identified for a township contract shall also be included in the scope of work and coordinates must be listed for each, on monument records and the summary maps.

See estimated corner counts for each township and details in exhibit 1.

Maps of each township have also been attached to indicate existing PLSS corner monument records on file.

3.2.2 **Objective**

The objective is to perpetuate or re-establish Public Land Survey System Section Corner Monuments and Meander / Witness Corners including the perpetuation or establishment of all Center of Section monuments, and to obtain coordinate values of the locations thereof. These monuments are the legal and physical skeleton of our infrastructure. The accurately measured coordinate values will also be used to adjust our parcel mapping data base and resolve many current mapping ambiguities.

3.2.3 **Monument Records**

Along with the aforementioned services, preparation of new USPLSS Monument Records (tie sheets), a large (24" x 36") overview map showing all contract corners, and data files will be required. Note: Section Summary Sheets will not be required for this project.

## SECTION 4 – PROPOSAL PREPARATION REQUIREMENTS

### 4.0 RFP RESPONSE PREPARATION REQUIREMENTS

Proposals shall be organized to comply with the section numbers and names as shown below. Each section heading should be clearly marked. Graphics may be included. The RFP sections which should be submitted/responded to are:

#### 4.1 Attachment A – Vendor Information

#### 4.2 Table of Contents

Provide a table of contents that, at a minimum, includes all of the sections as identified below. Listings of sub-sections and graphics/tables also may be included. Section dividers are encouraged.

#### 4.3 Tab 1: Organizational Capabilities

Describe the firm's experience and capabilities in providing similar services to those required. Be specific and identify projects, dates, and results.

#### 4.4 Tab 2: Staff Qualifications

Provide resumes describing the educational and relative work experience for each of the key staff who would be assigned to the project. Specifically emphasize each individual's work experience and education directly related to PLSS monument perpetuation, coordinate systems, relative equipment / software, and knowledge of Dane County and Original Government Survey Notes records research.

This project will need to be coordinated and performed under the direct supervision of a licensed Registered Land Surveyor. Be sure to include the information of the chief surveyor for the project along with relative education and work experience emphasized above.

#### 4.5 Tab 3: References

Proposers must include in their RFPs a list of organizations, including points of contact (name, address, and telephone number), which can be used as references for work performed in the area of service required. Selected organizations may be contacted to determine the quality of work performed and personnel assigned to the project.

#### 4.6 Tab 4: Response to technical requirements

##### 4.6.1 Work Plan

**Vendors shall submit a detailed Work Plan to accomplish all of the technical requirements set forth herein.** The work plan should outline a timeline, intended procedures and process, equipment, software, staff and any other pertinent details included in the scope of work. Indicate how many of these projects you may be able to contract for and complete in a six month project time. It is likely that multiple vendors will be selected to complete all of the work included in this RFP. This work plan should anticipate completion of perpetuation and coordinate acquisition of the contract areas described in 1.21 and in Exhibit 1.

## SECTION 4 – PROPOSAL PREPARATION REQUIREMENTS

### **4.6.2 Coordinate and Data Acquisition Requirements**

All coordinate values shall be collected and expressed in the North American Datum (NAD) of 1983 - National Spatial Reference System 2011, Wisconsin Coordinate Reference System (WISCRS), Dane County Coordinates. NAD 83 (2011) WISCRS-DANE COUNTY. Coordinates shall be expressed to the nearest 0.01 feet. Identify practices the vendor would use to verify the coordinate system during field observations and data collection including reference stations, networks and mathematical checks.

The vendor will be required to supply a redundant coordinate value, collected under different satellite constellations to ensure integrity, for each corner. Explain what methods the vendor would use to obtain a redundant coordinate value and any other methods to ensure accurate data collection.

The vendor shall also provide an Orthometric Height for any monuments in an area accessible for a direct GPS observation. Orthometric Heights shall be expressed to the nearest 0.01 feet and referenced to the North American Vertical Datum of 1988 (NAVD 88). **Vendor should identify the intended process for vertical data acquisition in this RFP including accuracy assurance measures.**

### **4.6.3 Survey Records Research Requirements**

The vendor will be required to do the necessary extensive survey records research to perpetuate all lost or obliterated PLSS corners. As stated in the staff resume portion above, be sure to identify familiarity of Dane County Surveyor's Office records research.

### **4.6.4 Monument and Accessory Requirements**

Undisputed monuments when found, stable, and in good condition, shall not be disturbed and may remain as the section corner monument. Any monument not found will be replaced or perpetuated with a Dane County Section Corner monument. Available monuments are a "dig-in" 2 inch inside diameter stainless steel pipe, 30 inches in length with a pinned on naval bronze cap and a flared bottom, a heavy gauge survey marker spike with a Dane County PLSS Corner washer, or a 3-1/2 inch bronze stem for setting in a concrete pad or tube.

Where feasible "dig-in" monuments will be used for the section corner itself. The top of the monument shall be set approximately 2 inches above grade. Every corner shall also have 4 accessory or witness monuments. Witness monuments may consist of 3/4 inch diameter rebar, 24 inches in length or the equivalent. Other stable and permanent structures may also be used as witness monuments such as bridge abutments or building foundations, if necessary. When a corner is located in a bituminous roadway, the spike and washer may be used for the corner location in conjunction with more substantial witness monuments of 1-1/4 inch diameter rebar, 30 inches in length or equivalent. The concrete set stems will be available, but not required. In unprotected or unsafe areas, the corner location may be computed and mathematically referenced with the approval of the Dane County Surveyor, in conjunction with more substantial witness monuments of 1-1/4 inch diameter rebar and 30 inches in length, or equivalent. All witness monuments are to be placed within a reasonable distance to the section corner monument. As a rule, reasonable in this case is so that a surveyor could set up a transit or total station and measure to all witness

## SECTION 4 – PROPOSAL PREPARATION REQUIREMENTS

monuments form one set up. Corner monuments will be provided. All witness or accessory monuments are to be supplied by the vendor.

Where feasible, 1 inch wide, orange “Thin Line Posts” (TLP) will be set next to all section corner monuments and witness monuments. Said TLPs and a driver will be supplied to the selected vendor. TLPs should be set behind witness monuments facing the section corner monument.

### **4.6.5 Deliverables**

- A Dane County Public Land Survey Monument Record for each corner perpetuated and observed in conjunction with the requirements of A-E 7.08 of the Wisconsin Administrative Code. All Monument Records shall include all specifications listed on the Monument Record Form. If a GPS observation is not possible due an obstructed corner location, no Orthometric Height is required. A monument record for a meander corner shall include coordinate values and direction and distance to the computed original corner location where records allow. The Monument Record Form to be used is attached hereto as Exhibit 2 and will be supplied to the selected vendor in .pdf or word file format. The finished Monument Records shall be typed and sketches computer drafted to avoid legibility issues. Monument Records shall be delivered digitally in .tif format and as a hard copy.
- A master map of all of the PLSS corners included in the contract area including coordinates of each corner and the direction and distance from each corner to the next along section and 1/4 section lines with all section numbers labeled. If the project area does not include all corners of a section, the vendor will be expected to obtain coordinates from the vendor with the adjoining contract or from previous projects and show full sections and breakdowns. Coordinates obtained in this manner should be labeled with the coordinate source.
- A digital data or text file identifying each corner observed by the Dane County corner identification number provided, including two observations or measured coordinates in NAD 83 (2011) WISCRS DANE COUNTY COORDINATES in decimal form, to the nearest 0.01 feet, with date, time, and method used to collect data indicated. File should also include an Orthometric Height in NAVD 88 datum where the corner may observed with GPS equipment. File types acceptable to the County may be discussed during contract negotiations.

### **4.7 Required Form – Attachment B – Designation of Confidential & Proprietary Information**

The proposal will be scored using a standard quantitative calculation where the most cost criteria points will be awarded to the proposal with the lowest cost.

**5.2 Format for Submitting Cost Proposals**

The Cost Proposal section that accompanies the RFP posting shall be used. Additional pages can be added to the Cost Proposal Section if necessary.

The Cost Proposal submission shall be in PDF format with the document name including the RFP #, Vendor Name, and Cost Proposal.  
(ie: 120012 – ABC Company – Cost Proposal)

When obtaining required insurance under this Agreement and otherwise, vendor agrees to preserve County's subrogation rights in all such matters that may arise that are covered by vendor's insurance. Neither these requirements nor the County's review or acceptance of vendor's certificates of insurance is intended to limit or qualify the liabilities or obligations assumed by the vendor under this Agreement. The parties do hereby expressly agree that County, acting at its sole option and through its Risk Manager, may waive any and all requirements contained in this Agreement, such waiver to be in writing only. Such waiver may include or be limited to a reduction in the amount of coverage required above. The extent of waiver shall be determined solely by County's Risk Manager taking into account the nature of the work and other factors relevant to County's exposure, if any, under this Agreement.

21.0 CANCELLATION: County reserves the right to terminate any Agreement due to non-appropriation of funds or failure of performance by the vendor. Stats., County will not release such records to the public without first notifying the vendor of the request for the records and affording the vendor an opportunity to challenge in a court of competent jurisdiction the requester's right to access such records. The entire burden of maintaining and defending the trade secret designation shall be upon the vendor. The vendor acknowledges and agrees that if the vendor shall fail, in a timely manner, to initiate legal action to defend the trade secret designation or be unsuccessful in its defense of that designation, County shall be obligated to and will release the records.
