**Term:** The contract shall be effective on the date indicated on the Dane County purchase order or the Dane County contract execution date and shall run for one year from that date.

## **BID SPECIFICATIONS**

If the County has to haul from a material stockpile which is located on a town road, the successful bidder shall be responsible for any repair or maintenance that may be required on that road as a result of the hauling.

Dane County will choose the type of material and option that is most advantageous to the County, and each bid item (location) will be awarded separately.

#### **NOTICE TO BEGIN**

The contractor is required to have stockpiled material available by August 4, 2021. Liquidated damages of \$100 per weekday will be assessed for any delay after official notification to begin.

In the event that an acceptable scale is unavailable, a unit price bid based on a volume measurement will be allowed if so noted on the pricing sheets. For total cost evaluation, volume measurements (cubic yards to tons) will be converted based on 2,800 lbs. per cubic yard. Dane County reserves the right to determine actual quantities provided if material is supplied on a basis other than weight.
