Subject: Addendum #1 to BID #121050 State Bridge Fiber Wrap Services

The following questions were received and answers are provided:

1. Because of the limitations of the nighttime work window, as well as product curing requirements between layers or coats, etc., the selected vendor might need more than 3 consecutive nights to complete the project. Would the vendor be able to get another 3 consecutive days if required? **Yes, if requested at least 48 hours in advance. Only applies Monday – Thursday nights. If one window of 4 consecutive nights would finish the job, and avoid another 3 night block, an exception may be granted.**
2. Since work occurs over STH 30 Exit will the contractor be allowed to close the entire ramp during the nighttime closure? **Yes, for up to 3 (consecutive) nights.**
3. Are the lane closures only able to be performed Monday through Friday, 8:00 PM to 5:00 AM or would it only be Monday through Thursday as is typical on the IH 39/IH 90 corridor? **Monday - Thursday**

Please acknowledge receipt of this addendum by checking the “Addendum #1” box in **Section 6 – Required Forms – Attachment A - Vendor Information** of your proposal response. If you have questions regarding this addendum, please contact me via phone or email as listed below.
